HEADTEACHER'S BLOG

6th January 2026

**A new year, a new beginning.**

Dear Families,

We hope you have had a restful break and enjoyed some family time together. It was lovely to welcome back so many smiling faces this morning! As we settle into the term, we wanted to send a friendly reminder about our morning routine.

Our goal is to ensure every child has a happy, calm, and positive start to their day. Arriving on time is a wonderful way to support this, as it allows children to catch up with friends, organise their belongings, and transition smoothly into learning mode without feeling rushed.

### **Our Morning Timeline:**

**8:35 am:** Gates open  
(Our staff are ready to welcome you!)

**8:45 am:** Registration begins.

**8:47 am:** Gates close to secure the site.

**The Routine:** Please drop your child off at their class door. This helps build their independence and keeps the morning flow moving. We are always here to support you with attendance or any worries you might have, but sticking to the class door routine really helps the rest of the class get started on time.

We know that despite best efforts, mornings can sometimes be unpredictable! If you arrive after 8:47 am, please head to the school office to sign in.

If you are coming through the office, we kindly ask that you take a moment to ensure your child is calm, settled, and ready to start their day before they head down to the classroom. Arriving late can sometimes be daunting, so a confident, calm goodbye from you makes a big difference.

Thank you for your continued partnership in making Cavalry such a wonderful place to learn.

## ***Snowy Days***

*Please send your little person in with a named pair of boots/ wellies on the wetter more snowy days. The children have had so much fun exploring the snow with friends today but we want them to have a change of shoe, so that they feel comfortable throughout the day. In addition to this please ensure your child has a hat or gloves for the lunch period as they are obviously spending longer in the outdoor environment.*
