CAVALRY IN BLOOM
SPECIAL EDITION

LEARNING IN ACTION...

Outdoor learning

When school grows strawberries and raspberries... Reception make jam! They enjoyed jam with their damper bread cooked on the open fire and homegrown cucumbers.

Nursery loved their Summer Festival this week and showed their families all they have learned through the outdoors recently! This piece of collaborative art was titled 'What's in our garden'

Year 2 had a special visitor who came to tell them all about her job as a beekeeper!

Year 3 used oil pastels and the school environment for inspiration for their artwork. They also recycled bottle tops to make art.

Year 4 made bug hotels using recycled materials. They also enjoyed den building and orienteering.

Year 1 combined our Art, History and Science lessons focusing on plants, farming and collages to make our own Cavalry in Bloom logo. Can you spot our Cavalry horse?

Year 5 spent time outside thinking about what they could see, smell, feel and hear. They then painted a garden/outside space that they enjoy spending time in and wrote a poem/ piece of descriptive writing. This was linked to the Big read and write event with author Sita Brahmachari.

Year 6 used the firepit for some outdoor cooking. As a group, we made a chickpea curry, but we were each responsible for baking our own Bannock bread.

Crochet club made a beautiful wall hanging and we loved hearing from pupils who have been growing their own produce at home!

Reception trip to Sandringham
Friday 18th July

Last day of term- Wednesday 23rd July

Thought for the week

Now and then, if we *Walk*,
rather than run it gives us time to
notice
the
smaller things,
which are so special.
