

Happy Thursday Year 1!

Thank you to all of you who sent us pictures of your brilliant flying homes. Your designs were really interesting! Well done!

English

Following on from your wonderful designs on Tuesday, and descriptions yesterday, today we are going to think about where we could go on our flying homes. Where do you think the people in the video were headed to? <https://www.literacyshed.com/adrift.html>

I think I would like to travel on my bouncing fluffy bunny, across the clouds, to look down on the top of the tall snowy mountains. Or maybe we could journey to the depths of the rocky Grand Canyon. Where would you go? Can you make a list of all of the places that you would like to visit? It doesn't even need to be on earth! Don't forget to send us your lists. We are looking forward to seeing your ideas.

Maths

We thought that it might be good to play another game today. You will need either a dice (which you should have in your maths packs) or if you can't find a dice, you can just write the numbers 1-9 on some pieces of paper. The game is simple, just roll the dice twice (or choose 2 paper numbers) then decide which number will represent your tens, and which will represent your ones. The idea is to make the biggest number. For example, I rolled a 3 and a 5. I could make the number 35, or 53. Which is the biggest? Challenge someone in your house to roll the dice and arrange their numbers too. I wonder who will be able to make the biggest number and win the game?

I will make the number 52. Can you beat me?

Outdoor Learning

Tomorrow is World Environment day, so we thought it would be good to explore what this means for us. It is important to look after the world that we live in, to keep it clean and make it a healthy place to live. But it is the little things we do at home, that have a big impact on the wider world. Have a chat with the people who live in your home and find out about the things that you and your family do to protect our environment.

Phonics

Don't forget to have a look at today's phonics lesson.

Today Humphry is going to do some planting and Lulu is having a go at the balance bridge. Be careful Lulu! Don't fall!

Enjoy your day year 1. Remember to let us know where you want to go on your travelling sky home.

From Mrs Morris and Mrs Turrell.
