Friday 14th February 2020,

Dear Parents/Carers,

This year's British Science Week takes place from 6th-15th March and Cavalry Primary will be getting involved. Throughout the week the children will take part in exciting Science lessons, practical investigations and will have the opportunity to take part in whole school competitions.

We will also be joined by some very exciting visitors.

Reception - Year 3 children will be visited by ZooLab Uk, who will provide fun and educational workshops with a chance for the children to handle a variety of Rainforest animals. <https://www.zoolabuk.com/primary>

Year 4 – 6 children will be getting an exciting visit from Dr Jo Science Solutions. Dr Jo will carry out a variety of practical, interactive workshops linked to the Science Week theme of Our Diverse Planet. <https://drjosciencesolutions.co.uk/>

To cover the cost of these amazing visits, we are asking the children for a donation of £2. This payment can be made via your Parent Pay account. If your child receives Pupil Premium funding, their cost will be covered.

The 1988 Education Act requires schools to ask for a voluntary contribution. All children will be treated equally regardless of whether a contribution has been made. However, in the exceptional circumstances of insufficient contributions being made, the school reserves the right to cancel the visit and refund any contributions already made.

We are sure the children will have a wonderful time, learning about different animals and getting hands-on with science!

Yours Sincerely,
Mrs Southby
