

Good morning Year 1.

Thursday today. Thank you for all your lovely work this week.

### Writing

Today I want you to imagine that you are an amazing and famous inventor, maybe even a little bit mad. What would you invent and why?

Think about:

- What problems does your invention solve?
- Who might buy it?
- Any problems you may come across whilst making it?

Check - capital letters and full stops. Have you written good descriptive sentences? What is the name of your invention?

Draw a labelled picture to help explain.

My invention would be a time machine so I could go back and find things out about the past.

### Daily phonics

Keep going with the phonics - you will become amazing readers and spellers if you work hard at this.

[https://www.youtube.com/channel/UCP\\_FbjYUP\\_UtldV2K\\_-niWw/videos?app=desktop](https://www.youtube.com/channel/UCP_FbjYUP_UtldV2K_-niWw/videos?app=desktop)

### Topic

Watch this clip about plants. <https://www.bbc.co.uk/bitesize/topics/zpxnyrd/articles/z3wpsbk>

After you've watched the video, click on to the quiz. Can you get all of the answers right?

## Maths

We are learning o'clock. If you have a clock with hands (analogue) you might want to have it near you.

Watch this clip and join in <https://www.youtube.com/watch?v=EIxaxnageTo>

Now write or draw what you normally do at o'clock times. If you could draw a clock with the times on it would be even better! Or you could send photos of your activities with the time written on a piece of paper or shown on your clock for you to hold.

I would do this

7 o'clock - get out of bed

8 o'clock - start work

10 o'clock - time for a cup of coffee

12 o'clock - lunch time

## Lulu and Humphrey

Lulu is hiding in the grass - can you see her?

Humphrey is relaxing on a lavender bush. Have a good rest Humphrey.

Have a great day.
