

Good morning year 1. It's the penultimate day today. We are sure that you are all getting ready for the Summer holidays, but there are a few more tasks to do yet. Here they are.

### English

Today we are going to have a go at comprehension. Reading is not only about reading the words on a page. It is also about being able to discuss how a character might be feeling, being able to predict what will happen next, finding information or evidence to back up the point that you are trying to make. To help develop these skills, today we would like you to watch the following visual text.

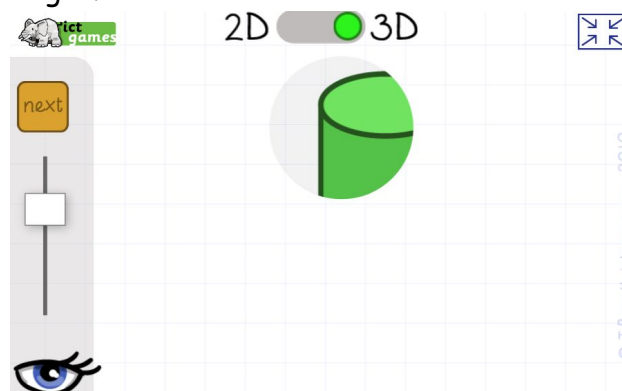

<https://www.literacyshed.com/the-bridge.html>

Ask a grown up to pause the video at 20 seconds and make a prediction about what will happen, then again at 2:00 minutes, and make another prediction about what will happen this time. Have a think about why you made these predictions. Can you tell a grown up about how the characters are feeling at different points in the film? What was it in the film that made you think that? How could the animals have done things differently?

### Maths

Today we are continuing to look at 3D shapes. We played a game last week, where you had to guess the hidden 2D shape. Today we want you to have a go at the 3D game. See how many you can get right.

## Phonics

Remember to watch today's phonics video.

## Lulu and Humphrey

Lulu and Humphrey are working on their 3D shapes too.

We hope you have a lovely day!

Mrs Morris and Mrs Turrell
