LEARNING IN ACTION...

Reception

We gained some new members of Cavalry on Friday!

Whilst learning about autumn and harvest, Reception were extremely interested to learn about the use of scarecrows on farms. With a delivery of straw bales, some old, spare uniform and LOTS of enthusiasm, the children worked together to create scarecrows to guard our own crops from birds.

This really was an afternoon where following the children's interests lead to some fantastic extra learning and some truly brilliant teamwork!

LEARNING IN ACTION...

Year 5

Symmetrical printing block Year 5

Year 5 have been observing the work of William Morris. Designing a symmetrical printing block that references the natural world. The printing block contains elements which allow it to develop a continuous pattern like fabric or wallpaper designs. We are continuing layering next week with lighter colours but we are very pleased with our art so far.
