

Happy Monday Year 1!

We hope you had a lovely weekend with your families, and are ready for another week of home learning.

English

Mud pies are great fun! But we seem to have forgotten how to make them. I wonder if you can write a recipe for Mrs Turrell and Mrs Morris to follow so that we can make one ourselves. Remember to number your steps, use bossy words (add, pour, combine, mix, gather), and see if you can add some interesting describing words too.

Mud Pie Recipe

- 1 . Dig up the dark dusty mud with a shiny, metal spade.
- 2 .

We can't wait to see your recipes!

Outdoor Learning

Today's outdoor learning task is an easy one. Can you follow your own recipe and actually make your mud pie? Please send us your photos. We're sure they will look delicious!

Phonics

Don't forget to have a look at today's phonics lesson.

Maths

Today we are challenging you to

Know Your Numbers!

Can you pick a number under 100, and tell me as many number facts as you can about that number. Here is an example:

64

64 has 6 tens and 4 ones

$$60 + 4 = 64$$

$$50 + 14 = 64$$

$$40 + 24 = 64$$

$$30 + 34 = 64$$

$$20 + 44 = 64$$

$$10 + 54 = 64$$

$$0 + 64 = 64$$

$$64 - 4 = 60$$

$$64 - 14 = 50$$

$$64 - 24 = 40$$

$$64 - 34 = 30$$

$$64 - 44 = 20$$

$$64 - 54 = 10$$

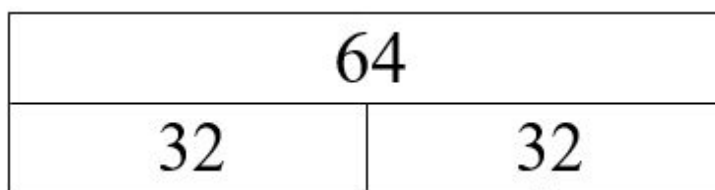

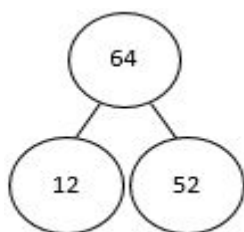

$$64 - 64 = 0$$

a half of 64 is 32

a quarter of 64 is 16

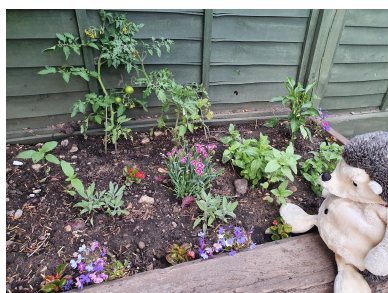

64 is an even number

64 can be shared into 8 groups of 8

I'm sure that you will be able to think of even more facts for your number! You can show them in any way you like. Use number sentences, part-whole models, bar models, or draw your numbers. Be as imaginative as you can to show us as many facts as you can. If you are not feeling confident, pick a smaller number. Choose a number and have a go!

Lulu is still enjoying playing outside, and Humphrey has been admiring his planting skills.

Please remember to send us pictures of your number facts, and your mud pies! Have fun!

From Mrs Morris and Mrs Turrell.
