

Well year 1, it is Friday already! Where did that week go?

You have all done such a great job at imagining where you would like to go in your flying homes. What wonderful ideas you all have!

Today is World Environment day.

It is so important to take care of our planet. At school this year, we started our crisp packet recycling and pen recycling, but we also recycle lots of other things. Have a look at these short clips to see the variety of things we can recycle.

Talk to the people in your home to find out what else can be recycled. Make a list of all the things that can be recycled and all of the things that can't. Remember to use your best handwriting!

Phonics

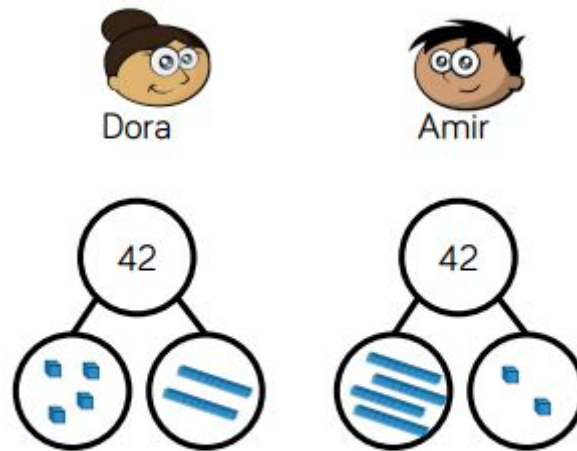

Don't forget to have a look at today's phonics lesson.

Maths

We have a problem for you to solve today. Who is right?

Dora and Amir both try to build the same number.

Who is correct?

Can you explain the mistake that has been made?

Outdoor Learning

We have looked a lot at recycling today, but putting our junk in the blue bin is not the only way. Finding another use for our junk is another way to recycle. Can you use some of the junk in your home to make something useful? Remember to check with a grown up, to make sure if it is ok and safe, before you use something. Here are some ideas, but feel free to make anything you like!

Lulu is loving playing outside. That is a big slide for a little monkey Lulu! Humphrey is digging down to the bottom of the toy box to find some toys that he hasn't played with in a long time. Have you found any toys that you had forgotten about while you've been at home?

Have a great weekend Year 1! Don't forget to send us pictures of all your hard work.

From Mrs Morris and Mrs Turrell.
