

Good Morning Year 1!

We hope you had fun imagining your magical flying home, and making numbers yesterday. Here are today's activities.

English

Today we are carrying on with our journey through the sky. Watch the story Adrift one more time. <https://www.literacyshed.com/adrift.html>

Think back to the magical flying home that you designed yesterday. Imagine living there, and sailing through the clouds. Can you describe how it would feel? How would you get around? What would your home be like? Think back to our writing at school, and imagine what you would see, hear, smell and feel.

Can you write a few sentences to describe it? Remember to use your "Wow Words"!

Maths

It's time to play a game! You will need some rolled up socks, and either some buckets or hoops, if you haven't got any, don't worry, you can use some pieces of paper. Label one hoop/paper as tens, and the other as ones. Lay them on the floor, then stand back and challenge someone in your home to a game. Each person throws 10 sock balls into the hoops. Use your understanding of tens and ones to work out your score. The person with the biggest score wins! I scored 42, can you beat me?

Outdoor Learning

Today try having a go at a messy map. When you go out on your daily exercise, take a pen and paper with you. Draw the route that you take, and choose something that you would like to add to your map. You might want to mark down all of the trees that you see on your journey. You could decide to mark down all of the sounds that you hear. You could even make it a map of things that you have collected along the way, such as leaves, flowers or feathers. Don't forget to send us the pictures of your maps! We can't wait to see them.

Phonics

Don't forget to have a look at today's phonics lesson.

Humphry is having a look at different coins today to see which ones he recognises. How many do you know? Lulu is enjoying some time being a nature explorer.

Have a lovely day Year 1. Don't forget to send us your photos!

From Mrs Morris and Mrs Turrell.
