Educational visits for Year 5: Last Tuesday, Class 12 had an amazing day visit to the Fitzwilliam Museum in Cambridge. We had a talk and tour of the Ancient Egypt gallery with one of the museum's teachers, and also explored some of the other famous exhibits in the museum. The children were fascinated by seeing the beautiful artefacts, including examples of Egyptian objects which were 5,000 years old. Class 11 are enjoying the same experience this week.

Grounds working party: On Saturday 14th May a group of staff and parents will be meeting at school from 10.00 to 12.30 to tackle the next stage of renovating the wildlife area around our pond. We have lots of baby brambles growing where the vegetation was cleared in February, so need to dig them out before they have chance to take over again. Please come and help if you can! Bring your spade and gardening gloves if you can - but we will have spares too!

In last week's Eco Council meeting we have been thinking of ways to help save energy around school. We have come up with some top tips to be displayed in each class and have used Google Slides to make some informative posters. We have also designed a Journey to School questionnaire which we have shared with all classes. We will be looking at the results of this survey in our next session.

Our Top Tips:

- Switch off computers and other electronics when not in use
- Use natural light, rather than classroom lights, wherever possible
- Turn off the lights in empty rooms
